Who Are We Looking For?

We're on the lookout for apprentices who bring confidence and unique ideas to enhance our team. Individuals who think independently, unafraid to challenge conventional approaches. Enthusiastic minds capable of managing a diverse workload and introducing fresh perspectives to real-life business challenges.

BIM Engineering Apprenticeship

As a BIM Engineer Apprentice, you will play a crucial role in the design engineering team. You will utilise BIM for modelling and drawing tasks in pre-construction activities, design development and model co-ordination. Your collaboration with internal project teams and external parties will be essential to ensuring project success.
