

The InnovateUs programme provides up to £6,000 worth of mentoring for an innovation activity leading to the development of a New Product, Process or Service.

We can help you if you operate in the following areas:

- Food Product Development
- Nutritional Profiling, Testing and Labelling
- New Product Design (all sectors)
- Various stages of Product Development & Prototyping
- Computing & IT Support
- Tourism Innovation
- Digital and Emerging Technologies

If you have less than 50 employees or a Social Enterprise and have an innovative project idea in these areas we can help you!
